*Light the path to  
your education  
and your  
child's future*

### The Florence Melton Parent Education Program

is a unique opportunity to strengthen your understanding of Judaism. Gain the confidence to nurture the growing Jewish identity of your family in a warm, friendly environment.

PEP is an adaptation of the renowned Florence Melton Adult Mini-School curriculum developed at the Hebrew University of Jerusalem. The two-year, text centered curriculum includes:

- ♦ **Rhythms of Jewish Living:**  
Jewish holidays and life-cycle
- ♦ **Purposes of Jewish Living:**  
Jewish thought and belief
- ♦ **Ethics of Jewish Living:**  
Jewish approaches to moral behavior
- ♦ **Dramas of Jewish Living Throughout the Ages:**  
Jewish History

Through interactive teaching and the students' voices, PEP will create a dynamic classroom experience.

You are invited to join the great Jewish conversation with other parents of young children that has taken place over the centuries — you will then be able to bring the conversation home.
